Single Tier Square Steel Frame Shelter

Manufacturer: Superior Shade

List Price: $5,292.00

* Size: 10 feet x 10 feet

Quantity: 1

+ ADD TO QUOTE

SKU: 4S10AS

Availability: 5-8 weeks Standard Sizes; 12-16 weeks with Engineered Drawings; Ships Freight

Product Highlights:

- 24 Gauge 36" Wide Panel Roofing
- 4:12 Pitch Roof
- 4 Standard Column Design with a 4" Sub Surface Mount
- TGIC 6 Mil Thick Durable Powder Coating
- Standard Eave Height - 8 Feet
- Engineered for 90MPH Wind Load 20PSF Snow Load
- Additional Load Requirements are available upon request
- Sealed Engineered Drawings not included in price

Product Description

The Single Tier Square Steel Frame Shelter is built with a steel roof and beams, creating an extremely durable shelter for outdoor seating offering protection from the sun and storms. A shelter with walls can be designed, but the sizes and configurations may need to be changed to accommodate the modifications. A 4 inch concrete slab is recommended but not required under the structure. Custom sizes, finishes, roof, and post types including wood and steel are available to create a truly unique shelter. Please see the Specifications document for information regarding available colors.

Warranty Information

Warranty varies based on roof type (vary from 10-30 years).

10 years

Wonderful Gazebo/Ramada!!!

By Mark from Baton Rouge, Louisiana on 3/8/2018

This is a beautiful gazebo! It is amazingly well built and fits together perfectly. I'm proud to have it in my backyard. I suggest that you have at least 3 healthy bodies to lift the 4 roof sections into place, but otherwise it's an easy job if you follow the excellent instructions closely. Fantastic product.

Service and Delivery Comments:
The gazebo was delivered on schedule and in perfect condition. I suggest that you have at least 2 helpers to take it off the truck.
