

Advanced Scheduling

ExecuTime Advanced Scheduling™ automates, simplifies and streamlines your staff scheduling process while minimizing labor costs and overtime expenses. The Advanced Scheduling solution makes sure you have the right people working the right job at the right time through a fully-integrated, easy-to-use solution that easily scales to suit the needs of small, medium and large organizations.

Reduce Labor Costs

Labor costs are a big part of your organization's budget. And those costs escalate through human error, manual processes and requests, and scheduling conflicts. ExecuTime scheduling allows you to cut labor costs while drastically reducing human error and manual processes. Even better, ExecuTime can be configured to easily handle the complex scheduling in public safety, public works and parks and recreation. With ExecuTime, you'll effectively manage complex costs while incorporating union agreements, overtime and premium pay into your workforce management strategy.

Increase Workforce Productivity

You're being told to do more with fewer resources. In these challenging economic times, decreasing budgets and increasing expectations go hand-in-hand. ExecuTime Advanced Scheduling allows your staff and supervisors to securely access customized and insightful data to eliminate unnecessary confusion and scheduling errors while enhancing employee accountability. Self-service tools allow your staff to request schedule changes and shift swaps, leave requests, bid for days off and vacation requests, and more. It's centralized, 24x7x365, real-time scheduling and management across departments, teams and locations.

Seamless Integrations

The ExecuTime Advanced Scheduling solution integrates seamlessly with third-party applications (HR, payroll, CAD and more) and eliminates manually running scripts, passing files back and forth, and the wasteful production of paperwork. Of course, you can also integrate the scheduling solution with the ExecuTime Time & Attendance solution to create a powerful, automated and fully-integrated workforce management solution.

Easy to Use and Implement

If you can use a web browser, then you can learn to use ExecuTime Advanced Scheduling in a snap. This solution is entirely web-based and requires no software to install or maintain on workstations. The user interface is extremely intuitive and userfriendly to make adoption easy even for users with little or no experience with computers.

Key Features
