Time and Attendance

ExecuTime Time & Attendance™ provides small and large organizations with incredible cost savings and increased efficiency. In most local government entities, payroll processing, time tracking and benefits accrual tracking places an unnecessary strain on staff efficiency and limited budgets. ExecuTime™ fixes those issues and keeps them fixed while providing the highest ROI on the market. How do we do that?

- Effortlessly handle complex time tracking rules and pay codes

- Seamless, automated integration and synchronization with your IT environment and payroll software

- Powerful and user-friendly web-based interface for supervisors and staff

- Solid integration with numerous time collecting interfaces (web browsers, time clocks, phone, text messaging, IVR, proximity readers, biometrics and more)

- Dedicated technical and training support

Simplify Complex Time, Attendance and Benefit Tracking

By incorporating complex time tracking procedures that usually exist within public safety, public works and education, ExecuTime makes it easy for managers and staff of every department to enter and track time types, manage time-off requests and apply job costing all while handling multiple pay periods and FLSA guidelines.

Reduce Costly Errors

ExecuTime Time & Attendance drastically reduces errors and oversights by eliminating several of the manual tasks associated with collecting time and entering data into the payroll system.

Electronic capture of employee time offers a more accurate account of actual time worked and automates the process of collecting, calculating and entering employee hours each pay period. You generate precise timesheets for both hourly and salaried personnel and have access to historical data through audit trails and reports to ensure secure and effective management.

Time Efficiency and Cost Effectiveness

ExecuTime Time & Attendance automates the most labor-intensive tasks associated with timekeeping and gives that time back to your staff. Payroll clerks that spend days sorting through timecards will now complete the same duties in a fraction of the time. Many public sector organizations have already discovered that ExecuTime offers the most rapid ROI along with the most critical product features.
