

**150 South Hachman Street Subdivision Project
Initial Study/Mitigated Negative Declaration**

**Errata Sheet
June 3, 2020**

Introduction

This errata sheet presents, in ~~strike-through~~ and double-underline format, the revisions to the 150 South Hachman Street Subdivision Project (proposed project) Initial Study/Mitigated Negative Declaration (IS/MND). The revisions to the IS/MND reflected in this errata sheet do not affect the adequacy of the previous environmental analysis contained in the proposed project IS/MND. Because the changes presented below would not result in any new significant impacts or increase in impact significance from what was identified in the IS/MND, recirculation of the proposed project IS/MND is not required.

Changes to the IS/MND

Page 44 of the IS/MND is being hereby revised as follows:

- b. Although groundborne vibration would not be generated as part of the daily operation of the proposed ~~school~~ project, groundborne vibrations would be generated during construction of future residential development as a result of the proposed project. However, Section 9-4.406 of the City's Municipal Code exempts vibration from temporary construction. In addition, vibration associated with construction activities would be temporary in nature, and would be anticipated to occur during normal daytime working hours. Therefore, a *less-than-significant* impact would occur related to exposure of persons to or generation of excessive groundborne vibration or groundborne noise levels.

The above change is to correct a typographical error and does not alter the analysis or conclusions presented in the IS/MND.
